Note: Scoring for each event is calculated by giving the top team 17 points, then the next team 16 points, and so on. No team who participates in an event will receive less than 1 point. Therefore places 18 to 32 will all receive 1 point. Ties receive the average points for the total number of spots so that the total points given for each event does not change. For example, if two teams tie for second place, they would each receive 15.5 points. (The average of 16 and 15 for 2nd and 3rd places) The next team would receive 14 points for **fourth** place.
